STX-SK

Scene Control Keypad

SPECIFICATION DOCUMENT

Scene Control Keypad

- ✧ Wall-mounted scene control keypads
- ✧ Configurations available in 4, 6, or 8 buttons
- ✧ Custom laser-engraved button options
- ✧ White LED indication for visual feedback
- ✧ Installs in standard electrical gang boxes with faceplates
- ✧ Offered in premium smooth black or white finishes
- ✧ Communicates via S-NET wired network

Sonetonix STX-SK Scene Control Keypads offer refined, one-touch control for luxury residential and commercial spaces. Featuring a clean, contemporary design, they integrate seamlessly with standard wall boxes and premium faceplates, complementing modern interiors with understated elegance.

Available in 4,6 and 8-button configurations, the keypads come in smooth white or black finishes with customizable button engraving. Discreet white LED indicators provide real-time status feedback, while fully programmable buttons and LEDs enable effortless control of lighting, shades, audio-visual systems, and more.
